

Libraries allow children to ask questions about the world and find the answers. And the wonderful thing is that once a child learns to use a library, the doors to learning are always open.

– Laura Bush

A new and exciting refurbishment is planned for the Melbourne Rudolf Steiner School library.

Scheduled to commence in September 2014, these changes will create a welcoming and open learning environment for our students. Designed to meet the changing needs of the school, the new design will include dedicated study areas for senior students, I.T. workstations, a reading corner, areas for our younger children, new shelving and carpets.

If you're interested in viewing the plans, please come to the main office where they are on display.
